

COMPUTER CHALLENGE

PART 1

University scientists are conducting an exciting experiment, called Fit to Study that is investigating the impact of PE on thinking skills.

Today, you will do **Part 1** of some computer challenges that include attention and memory games. These challenges should be done on a computer in a quiet room so that you can concentrate and do your best. Do not worry if you find it hard – not all of the challenges are easy – but your performance is important to the scientists, so please concentrate and do as well as you can.

BEFORE YOU START YOU WILL NEED:

- ✓ **Computer** (if you don't have one at home, please ask to use one at school)
- ✓ **Ruler** (not essential)
- ✓ **Headphones** (not essential)
- ⌚ **Check the time.** The challenge will take up to 30 minutes and must be done all in one go i.e. you cannot pause it.

WIN A GIFT CARD!

If you complete Part 1 and Part 2 of the challenges, then you can enter a prize draw!
